Wickery is a collection of such tales, stories that have been passed down through generations, told and retold by countless voices. They are stories of heroes and villains, of love and loss, of magic and adventure. They are stories that have been lost to time, but now, in the flickering firelight, they are found again.

The stories in Wickery are as diverse as the people who tell them. There is the tale of a young woman who defies her destiny to become a hero, the story of a man who sells his soul for power, and the story of a group of children who discover a magical world hidden within their own backyard.
