Changeling: Order of Darkness is a dark fantasy tabletop role-playing game that explores themes of identity, transformation, and the struggle against

## **Gameplay**

The game uses a unique system called the "Seeming" system. Each character has a Seeming, which represents their supernatural form. The Seeming determines the character's powers and abilities, as well as their weaknesses.

The game also features a system called "Glamour." Glamour is a supernatural energy that changelings use to power their abilities. Glamour is a finite resource, so players must carefully manage their use of it.
