Frostblood is set in a world where magic is an elemental force that shapes the lives of its inhabitants. The realm is divided into two distinct regions: the frozen north and the fiery south. Each region is home to its own unique culture and magical traditions, and the inhabitants of each region possess their own distinct elemental abilities.

In the frozen north, the people are known as the Frostbloods. They possess the ability to control ice and snow, and they live in harmony with the harsh, unforgiving environment. In the fiery south, the people are known as the Firebloods. They possess the ability to wield fire and heat, and they live in vibrant, bustling cities.

The delicate balance between the two regions is constantly threatened by the forces of darkness.
