Firearms Safety

The Student of the Gun Instructor Development Manual begins with a thorough discussion of firearms safety. This section covers the four basic rules of gun safety, as well as safe handling and storage techniques. It also discusses the importance of situational awareness and the need to be prepared for any eventuality.

Marksmanship Principles

The manual also provides a comprehensive overview of marksmanship principles. This section covers the fundamentals of marksmanship, including grip, stance, breathing, and trigger control. It also discusses different types of shooting positions and how to use them effectively.

Teaching Methods

The Student of the Gun Instructor Development Manual provides practical advice on how to teach firearms safely and effectively. This section covers a variety of teaching methods, including demonstrations, drill simulations. It also discusses the importance of feedback and how to provide it in a constructive way.

Lesson Planning

The manual also includes a section on lesson planning. This section provides a step-by-step process for developing and delivering effective firearms training lessons. It also includes sample lesson plans that can be used as a starting point.

The Student of the Gun Instructor Development Manual is an invaluable resource for anyone who wants to teach firearms safely and effectively. This manual covers a wide range of topics, and it is written in a clear and concise style. It is a must-have for any firearms instructor.
